Unit Prices have been computed based on estimated quantities of items and are not guaranteed. Unit prices are solely for the purpose of comparison of bids and determining an initial Contract Price.

Bidder acknowledges that estimated quantities are not guaranteed, and are solely for the purpose of comparison of Bids, and final payment for all Unit Price Bid items will be based on actual quantities, determined as provided in the Contract Documents.

Basis of bid will be determined by total Base Bid plus the addition of selected Add Alternates for a total contract award. Contractor is expected to provide unit prices for all Base Bid and Add Alternate line items and failure to do so may result in the determination of non-responsive bidder or that the bid is not complete.
